

Care series

Designed by Bolia Design Team, Denmark

This care set can be used for cleaning and caring for untreated indoor wooden furniture. The set contains wood oil, wood cleaner, a lint-free cloth and a sponge. The wood cleaner is based on natural soaps and is also an environmentally friendly cleaning agent, while the wood oil has a water-repellent effect and protects the wood from drying out. The oil is also 100% turpentine-free and developed only from the finest and purest oils.

23-001-28

Linoleum Soap

Content Ingredients

(ml) Water, Coconut Oil Acid, Preservative

473 ml **Maintenance**

Apply the soap with a soft, lint-free cloth and wash the entire piece of furniture with soft, circular movements. Let the soap stay for about 5 minutes and wipe with a damp cloth. If the surface is dirty, wipe first with clean warm water and then wash the surface with the soap with circular movements so the soap will come to light foam. Then wipe with a damp cloth and when the surface is dry then process as described on the bottle. It is recommended to use Bolia Linoleum Soap 4-6 times a year.
