TÁBULA TABLES

TABULA tables are a canteen and meeting tables program. These tables can be used on several environments due to its different models and styles.
Tabula offers a wide range of size and different base options to use them in canteens, small meeting points, break out areas or informal meeting/working areas. Table tops are available in glass, MFC and Compact Laminated, and both round or squared shaped with a round central column in steel allowing 3 different types of bases: round steel, round aluminium or cross aluminium.
