## English text

The Suspended wall mirror epitomises simplicity and beauty, crafted to harmonise with various atmospheres as a classic, lifelong piece. Featuring an elegant frame of horizontal oak slats and vertical metal rods, the mirror forms a visually distinct construction that secures the glass while providing an honest, airy aesthetic.

The rods, separated by gaps, end in loops that seamlessly attach to wall-mounted knobs, ensuring the mirror hangs beautifully and remains stable. A contour that allows for elegant suspension while enhancing the mirror's authenticity and purity.

## Designed by Oleg Pugachev

Having lived in Germany for over half his life, he graduated from the Berlin-Weißensee School of Art and Design in 2013. In his view, the design process is always determined by a mix of interdependent factors such as material, function, technology, and aesthetics.

## Danish text

Med sine fine messingdetaljer forener Suspended vægspjlet enkelhed og smukke linjer. En elegant ramme af vandrette egetræslister og lodrette metalstænger mødes og danner en visuelt afslørende konstruktion, der skaber et ærligt og svævende udtryk.

Stængerne ender i bløde løkker, der sikrer, at spejlet hænger både stabilt og dekorativt. Denne designløsning fremhæver ophænget frem for at skjule det. Et valg der udtrykker et autentisk og rent formsprog. Designet til at harmonere med forskellige miljøer som et klassisk og æstetisk tidløst element.

## Designet af Oleg Pugachev

Med sin uddannelse i produktdesign begyndte han at arbejde for internationale arkitekt og tegnestuer indtil 2015, hvor han etablerede sit eget studie. Han designer ud fra idéen om, at en designproces altid er bestemt af en blanding af indbyrdes afhængige faktorer som materiale, funktion, teknologi og æstetik.
